

# Upgrade Version Compatibility

Product	Sync From Version	To COMMAND Version	Description
rapidTAG rapidTAG EVAC	2.5 3.0 3.1 3.5	3.5	One way sync applications work well across any version, 2.5 - 3.5
MOBILE	*2.5 *3.0 3.1 3.5	3.5	*MOBILE will fail to sync any company created in Command 3.5. Individual activity seems to sync fine.
MOBILE Express	3.1 3.5	3.5	MOBILE Express has a known issue: when receiving a company from COMMAND, which belongs to an organization not in MOBILE Express's database; MOBILE Express will issue an error. This is a known bug with MOBILE Express 3.1.

Product	From MOBILE Express	To MOBILE Express	Description
MOBILE Express	3.5	3.5	Cannot attach MOBILE Express 3.1 and MOBILE Express 3.5. Both applications must be the same version for peer-to-peer syncing
